<input type="checkbox"/> Other	<input type="checkbox"/> Alteration	<input type="checkbox"/> Special Inspection	<input type="checkbox"/> Premanufactured Home Setup (HUD Mobile Home)	<input type="checkbox"/> School

Description of Work:

IV. Homeowner Affidavit

I hereby certify the electrical work described on this permit application shall be installed in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Michigan Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

V. Applicant Signature

Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

SIGNATURE OF CONTRACTOR OR HOMEOWNER (Homeowner's signature indicates compliance with section V):

DATE:

VI. Fee Clarification

Item 14, Mobile Home unit site: when installing a site service in a park, the permit application must include the application fee service, the number of park sites, and a final inspection. When setting a HUD mobile home in a mobile park, a permit must include the application fee, service, feeder, and a final inspection. These shall be done by a licensed electrical contractor. When setting a HUD mobile home on a pre-manufactured home on private property, a permit must include the application fee, service, feeder, and a final inspection.

VII. Fee Chart - Enter the number of items being installed, multiply by the unit price for total fee.

ELECTRICAL FEE CHART		FEE	# ITEMS	TOTAL
1	Application Fee (Non-Refundable).	\$25.00	1	\$25.00

26	Fire Alarm Systems Over 20 Devices (Per Device)	\$5.00		
27	Energy Management Temp. Control - Energy Retrofit Temp. Control	\$50.00		
28	Energy Management Temp. Control - Devices Energy Management	\$5.00		
INSPECTION FEES				
29	<input type="checkbox"/> Underground <input type="checkbox"/> Service <input type="checkbox"/> Rough-in <input type="checkbox"/> Final	\$50.00 Ea		
30	Reinspection / Consultation****	\$50.00 Ea		
TOTAL FEE (Must include the \$25 application & final inspection fee.)				
<small>VI Fee Clarification, item on page 2. Required for all school and state-owned construction projects, ***The Michigan Electrical Code Rules no longer contain requirements to see permit and inspect data and telecommunications wiring; therefore, this section is voluntary. ****See VIII Electrical Permit Application Supplemental on Page 3.</small>				

VIII. Supplement to Electrical Permit Application

ELECTRICAL PERMIT APPLICATION SUPPLEMENTAL

If consultation is requested before a permit has been issued, a \$50 cost of services rendered fee will be charged, and will be paid prior to consultation.

Plans must be submitted with an Application for Plan Examination, except as listed below. Plans are not required for the following:

1. When the electrical system rating does not exceed 400 Amps and the building is not over 3,500 square feet in area.

What is the rating of the service or feeder in ampere?

What is the building size in square footage?

Plans are required for all other building types and commercial projects and shall be prepared by or under the direct supervision of a registered design professional licensed pursuant to 1980 PA 299 and shall bear that design professional's seal and signature.

IX. Instructions for Completing Application

General: Electrical work shall not be started until the permit for said work has been issued by SMBA. All installation shall be in conformance with the Michigan Electrical Code. No work shall be concealed until it has been inspected. When ready for an inspection, call SMBA providing as much advance notice as possible, SMBA will need the job location and permit number.

Expiration of Permit: a permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within 180 days after issuance of the permit or if the authorized work is suspended or abandoned for a period of 180 days after the time of commencing the work. A PERMIT WILL BE CLOSED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN 180 DAYS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CLOSED PERMITS CANNOT BE REFUNDED.

SMBA Internal Use ONLY
